

LOGLINE

The FreaKids are 7 years old, they are the successors of these horror myths and share many of their peculiarities with their progenitors.

But above all, Draky, Fran and Momi, with the help of their friend Kim, want to be like other kids, go to school, have friends and a family that loves them.

THE FREAKIDS

SYNOPSIS

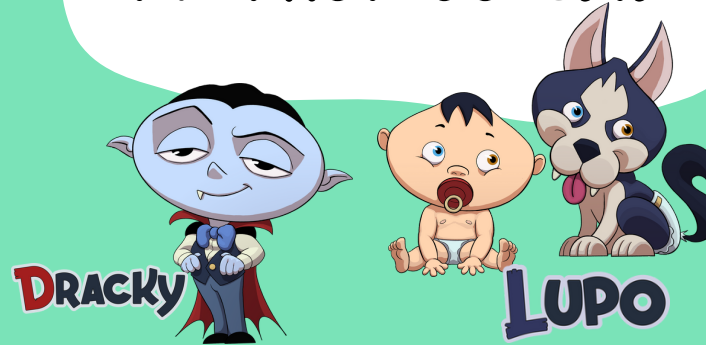

In a particular and dark circus the Freakids work and live badly. One day they decide to run away from the circus under the orders of the evil Escrugario because they want to have a life like other children.

To do so, they will have the help of Kim. Thanks to her they will meet Mrs. Frekhammer, who will be delighted to welcome them in her house and act as a loving grandmother of such a peculiar family.

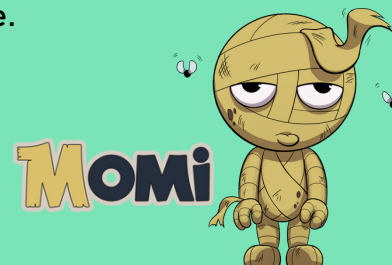

Draky, Momi, Fran and Lupo will start their new life. They will go to school and will live conflicts and adventures typical of a child of their age, with the particularity of being a little... "special".

THE PROTAGONISTS

- Draky, a small vampire unable to control his temper and powers.
- Fran, a child in pieces whose head falls off every now and then and whose heart is beating out of his chest.
- Momi, a bunch of bandages, a bit dirty because he doesn't like to wash them, but with which he is able to do incredible things.
- Lupo, a wolf puppy that turns into a baby at night.
- Kim, a girl who defines herself as a little witch with a normal appearance.

Technique: 2D animation

Language: Spanish, English, Catalan

Audience: children from 4 to 7 years old
