

LOGLINE

The life of a model family, formed by a married couple and two super fashionable and frivolous children, will take a 180-degree turn when a transgressive Latin American teenager, completely different from them, comes to live in their house, which will actually teach them what is important in life.

The question is: will they learn it?

APOCALIPSIS PRODUCCIONES

"The model family", a series in which we will address the behavior of today's new families, far from the traditional model, and that will allow us to make a comical radiography of the society in which we live, where the image, superficiality and the appearance of happiness seem to be the most important thing.

FEATURES

- Megan Neon or perfection made woman at 39 years old. Supermodel and mother
- Jeremy Van Dyck, father, husband and ex-model
- Nina Van Dyck, at ten years old is already an instagramer-youtuber-tiktoker
- Fourteen-year-old Justin Van Dyck does not understand how there can be unhappy people in the world.
- Gaby Garcia, orphan and new member of the Model Family
- El Perrete, the family mascot

Technique: 2D Animation

Language: Spanish, English

Audience: adults and young adults

- A family of models that are the opposite of a model family.
